

LC Duplex adapter

LC Duplex adapter, MM, flangeless, aqua

Adapter is designed for interconnection of connectorized fiber optic cables or cable assemblies and provide low Insertion Loss in the connections.  
It is used in unloaded fiber splice panels and optical outlets.

SPECIFICATION

|                           |             |
|---------------------------|-------------|
| Adapter type              | LC Duplex   |
| Polish type               | PC          |
| Fiber mode                | MM          |
| Insertion Loss            | ≤ 0,2 dB    |
| Durability                | 1000 times  |
| Flange type               | flangeless  |
| Alignment sleeve material | Zirconia    |
| Adapter colour            | Aqua        |
| Integrated shutters       | no shutters |
